

Hardin Family Tree

by

Alice Y Lindsey Fluegge

ACKNOWLEDGMENTS

I first have to thank my paternal grandfather Harry Arthur Lindsey, for without him there would be no Fuller family tree. He started me on this journey when he asked me to find out about the parentage of his mother.

I then started not only doing his side of the family, but since I was lucky to have my maternal grandmother Fannie Fuller alive, I started this branch of my family tree. My grandfather died shortly after making that request, as have many other family members who contributed to this work in progress. But the journey keeps them close and I know that they are still helping me find my way. I decided to do what he asked if not for him, but for my children and myself. The information I have is from various sources.

Fuller Family stories and Trees: From my grandmother, Ola Dooley, Hattie Fairfax, the attendees of the spectacular Fuller Family reunions, Frances Harris and the Ralph Hardin Family.

From the amazing Internet I have obtained census Records, death records, WWI and WWII draft registrations, birth records and Obituaries. These sources are Ancestry.com, Familysearch.org, Heritage Quest, Rootsweb .and Newsbank (through the Clark County NV Public Library).

Abbeville County South Carolina Courthouse allowed me access to their records.

And most of all The Church of the Latter Day Saints (Mormons) who copied vital records from most of the states and have them on microfilm at their churches and in libraries (Namely the Wilmette, Illinois LDS library and the Lorenzi LDS library here in Las Vegas, NV and in Salt Lake City), they are now in the process of putting the information free of charge on-line.

I have tried to verify all of the information listed but everything is subject to correction. I do what's known as cluster genealogy. I have information on both my family and my husband's family and I have included my stepfather's family.

I am now up to 13,813 people in my family database and it keeps growing. If you do see a family name listed I may have more information on the spouse's family that doesn't show up on our trees. Also for privacy sake I have limited the online information to deceased members. So please contact me for more information. I can also provide you with the copies of vital records I have, along with the other census and military records. We can watch the pages grow a little more with your contributions and perhaps I can do the same for you. Email any information or comment to me at: alicelinzv@yahoo.com

Generation 4 (con't)

Albert Keys Sutherland was killed in what was know as the Savannah River Tragedy. On Easter Sunday April 4, 1920 nine young friends and pupils of Lollie Scroggins Waters (wife of Lester) met at the Waters home for a Sunday afternoon visit.

Two or three of these young people were probably pupils of Mrs. Waters. Some attended school in Lowndesville and some had completed their schooling. All lived in the Ridge-Diamond Springs area west of town. During the afternoon it was decided to take a ferry boat ride across the Savannah to Georgia and return.

Heavy spring rains for the past several days had swollen the river to overflowing. The flat ferry boat had proceeded to near midstream when the cable (which through a rope system carried the flat forward) fell into the water. The flat surged downstream and soon filled with water. It sank within moments.

Although several of the group could swim only one, Thomas O. Bradshaw, made it safely to the river bank. He gave the alarm but, by the time anyone had arrived on the scene, there were no signs of the flat and the other ten young women and men.

The bodies were buried in a common plot in Providence Presbyterian Church Cemetery in Lowndesville. An impressive marble monument was erected to the memory of the ten who lost their lives that Easter Sunday, April 4, 1920. Names appear on the two sides of the monument.
